PRODUCT HIGHLIGHT

RESIDENTIAL

MULTI-FAMILY

COMMERCIAL

Terrain™ is a low V.O.C., one component, moisture curing polyurethane adhesive designed for easy indoor and outdoor application of synthetic turf and exterior grade carpets over concrete or wood substrates.

WHY USE

- Single component, moisture cured formula
- Straight forward and hassle-free application
- Shields against topical liquids and tough environmental challenges
- 45-minute working time provides flexibility without slowing progress
- Supports light traffic in 3 hours and heavy traffic in 6 hours
- Ideal for projects with tight deadlines
- Compatible with most turf and exterior carpet backings
- FloorScore® certified
